

Dr. Manik Upendra Dixit.

IC Principal.
Head of The Science Department.
Assistant Professor in Biochemistry

manik.dixit@homescpune.sndt.ac.in

Subjects of teaching:

Biochemistry.
Applied Science.
Advanced Chemistry.
Food Analysis.
Environment Studies.
Food Toxicology and Industrial Water Management.

Areas of Research Interest:

Environment and Ecology.
Biochemistry.

Publications:

Poster presentations on research during Ph.D(1982-1988)

1. Comparison of characteristics of amylases(Enzyme) from fore gut,mid gut and hind gut of cockroach.
2. Isolation and purification of 5' nucleotidase(Enzyme) from Lucern leaves.
3. Characterization of 5'nucleotidase from Lucern leaves.
4. Active site determination of 5'nucleotidase of Lucern leaves.
5. Completed Minor Research Project sanctioned by UGC(June 2013 to April 2015) on "Strengthening Environment Education by linkage with Ecotourism."
